### *group programs*

Dependable Kid Care (DKC) offers programs designed and implemented by professional event planners and educators to promote safe, exciting, and fun activities for children of all ages. DKC programs give parents the freedom to not only attend events, but to truly enjoy them.

Each group child care event is customized to fit your specific needs and budget. We can simply refer several caregivers to assist with larger groups; or, we can help to organize a group event with child care, activities, meals, and/or outings. Some of the events that we organize child care programs for are:

- Weddings
- Parties
- Conventions
- Business Events
- Sporting Events
